### "We're Comin' In Loaded"

Ooh yes we're comin' in loaded, Ooh yes we're comin'  
in loaded

I'll hold the boat steady brother like a rock

Full speed a head until we hit the dock

We're heading for home, the fishing was great

We're comin' in loaded 'cause we're all out of bait

Well, well, well, well, well

Oh well now yeah!

We gottem packed to the water-line

Some got away but the catch was fine

Never saw such big ones, m'man oh man,

We're comin' in loaded just as fast as we can

Well, well, well, well, well

Oh well now yeah!

I'm gonna see my baby soon as I get back

Knock on the door with my pockets packed

She'll look at me well she can't say no

We're comin' in loaded so come on let's go

Well, well, well, well, well

Oh well now yeah!

Oh well now yeah!

Yeah! we're comin' in loaded
