I'm sorry now girl, but I must leave you
There's something deep inside my soul keeps calling
me
The winter wind girl, will not deceive you

And in your cold and empty bed
You'll think of me, oh yes
You'll think of me

You'll see me coming, you'll see me going
Don't ask me why, I'm just the kind needs to be free
Just like that outlaw wind keeps on a-blowin'

Yeah, in your cold and empty bed
You'll think of me, oh yes
You'll think of me

You'll think of me

Now I know you loved me just like I wanted
I know you'd follow me across an endless sea
But baby, I've got a heart that's haunted

Yeah, in your cold and empty bed
You'll think of me, oh yes
You'll think of me

Ah, but you should know girl, that I'll be crying
Out on that lonely road where not a soul can see
I'll shed my tears for a love that's dying

Yeah, in your cold and empty bed
You'll think of me, oh yes
You'll think of me

The summer sun girl will bring a stranger
And he'll be better to you than I used to be
And when he takes you into his arms girl

Well, in your warm and loving bed
You won't think of me, no, no
You won't think of me

You won't think of me

Then in your warm and loving bed

You won't think of me, no, no

You won't think of me

You won't think of me

You won't think of me

You won't think of me
