circus time, leaving several pantamymes
its hard to figure out
well I guess there's love, but im sure there's doubt
its hard to carry on, descisions made her mindset
stone
she loves to love her reflection, shining out can
despense some for protection
oh shes locked up in her mind
whole hearted feelings of self, shes locked up in her
mind
shes locked up in her mind

[CHORUS]

ive got this picture of a picture of you
it comes and goes no matter what i do
it tells the story over and over again
see it reminds me im alone in the wind
[Chorus ends]

locked up in her mind
oooh, locked up in her mind

youve got the notion that your so so so so
its so like time stands still when you walk by
bad girl, bad girl wont you bring me your rose
light my fire and curl my toes
sing me that tune that you do so well

live wire, live wire come spark my head

locked up in her room

[Chorus]

locked up in her mind
oooh, locked up in her mind

its hard to figure out
well I guess there's love, but im sure there's doubt
its hard to carry on, descisions made her mindset
stone

she loves to love her reflection, shining out can
despense some for protection
shes locked up in her mind, locked up in her mind, her,
her mind
shes locked up in her mind

[Chorus] x2
