Oh your words pulse beneath my chest  
And steal the breath I've known  
But I can't tell you why  
Or even where it all had gone  
When it was lost among the leaves  
I feel all the bright wings coming home  
And I'll feel alone enough to know  
You must have been an image  
Of something to follow  
I swear I'm lost without you  
But you'll never know  
You heard it pass down through the river  
And it made every bone stir and shake  
And although this one may feel different  
There's no way to tell, way to tell  
(You held onto all those lies  
That told you to fall and let the river  
Catch you)  
(You said I'm always by your side  
You said there's shadows walking by)  
I feel all the bright wings coming home

And I'll feel alone enough to know

You must have been an image

Of something to follow

I swear I'm lost without you

But you'll never know
