Dancing dizzy around the world  
When you hear your favorite song playing on the radio  
Laughing in hysterics at the broken words  
Shed a thousand tears but we couldn't make em drown  
at all  
Lonely, lonely in a room we stay  
Smoke cigarettes until our lungs ate us away

Your face nearly fell apart  
But your body gave another day

Beat your luck on with a pretty face  
and how we all sailed a shore  
It all depends on what we need  
You find yourself political jesus  
And your saved..
