So take it back, I've got a feeling that'll stick with you
Find where it's at, I've got a problem that's no good for
you
And in the middle of a silent ring
You get turned on about these kind of things
You want the love but not the lover
Just find out where it's at
I had to give her back
Cause people always talking about
The things that they don't know
You find it in the silver skin, but baby I find it in your
soul

If I don't hate you I don't care

So sit around, you got your feet upon the common
ground
Sooner or later, you got to hide yourself over just to get
around
You brought yourself some company, they can take it
I wont fake it with the warmest feeling i felt since taking
All your words are breaking, my brain starts aching
but i'm shaking when I'm thinking of you
I had to give her back
Cause people always talking about
The things that they don't know
You find it in the silver skin but baby find it in your soul

If I don't hate you I don't care
