All my people need food and water  
And Baby needs a new pair of shoes  
July sun gettin' hotter and hotter  
And Baby needs a new pair of shoes

I went to the courthouse to speak my mind  
They told me to stand in a long long line

All of my people need freedom and grace  
Baby needs a new pair of shoes  
July sun shinin' in my face  
Baby needs a new pair of shoes

I wanna talk to the people who run this town  
I'm gettin' tired of this merry-go-round

All of my people need common respect  
Baby needs a new pair of shoes  
July sun burning down my neck  
And Baby needs a new pair of shoes

All I wanna do is to get back home  
Instead of wastin' away at this Superdome

All of my people need food and water  
And Baby needs a new pair of shoes  
July sun gettin' hotter and hotter  
And Baby needs a new pair of shoes

All of my people need freedom and grace  
Baby needs a new pair of shoes  
July sun shinin' in my face  
Baby needs a new pair of shoes

All of my people need...  
All of my people need...  
All of my people need...  
All of my people need...  
You got to pass it around  
Pass it around...
