Hey, Little Blossom, throw on your new blue jeans
I just got my check, won't you hop in my wreck
They're dancin' in Evangeline! Oh Little Blossom!

Hey, Little Blossom, slide a little closer to me
Tell me tonight, everything is all right
Your Love will set me free, oh, Little Blossom!

Hey, Hey, Hey Little Blossom!
Oh!

Hey, Little Blossom the moon is on the rise
Remember our dreams down in New Orleans
When I saw the love in your eyes! Oh, Little Blossom!

Hey, Hey, Hey Little Blossom!
Oh!

Hey, Little Blossom sometimes I've let you down
I hid like a thief, when my heart was in grief
I was lost but now I'm found
Oh, Little Blossom!

Hey, Little Blossom close your painted eyes
You can see it as clear, as the moon on the river
It's you I idolize! Oh, Little Blossom

Hey, Hey, Hey Little Blossom!
Oh! Little Blossom!

Hey, Hey, Hey Little Blossom!
Hey, Hey, Hey Little Blossom!
