Please understand me everything's all right
I just musta notta gotta lotta sleep last night

I was high flyin' down Riverside Drive
Rockin' to the radio man alive
Stopped into a joint bought a round of booze
Hot dog I got a buzz in my shoe!

Please understand me everything's all right
I just musta notta gotta lotta sleep last night

Writin' you a letter it's late in the night
Sittin' in a cafe eatin' a bite
Telln' you about where all I've been
Hot dog I'm gone again!

Please understand me everything's all right
I just musta notta gotta lotta sleep last night

Now there's two kind of people in this big 'ol town

There's the early to rise and the late to go down
I guess I oughta find a better way to stop the clock
Hot dog I like it a lot!

Please understand me everything's all right
I just musta notta gotta lotta sleep last night

Hot dog I like it a lot!

Please understand me everything's all right
I just musta notta gotta lotta sleep! last! night!
