Because you walked - that lonesome valley  
Because I met - you in your town  
Because you saw - stars in the alley  
Because the street - light, you, did crown

Because I saw - you lift your head  
Because you knew - I was watching you  
Because there was - nothing to be said  
Thats why I love - you like I do

I am a stranger to the others  
No one knows - you like I do  
To the Great Beyond -There is no farther  
Thats why I love - you like I do...

Because I asked - if you were cold  
Because the wind - had changed that day  
Because you needed - a hand to hold  
Because I saw - it in your face

Because you knew - I needed laughter  
Because it heals - the wounded fool  
Because you saw - the near hereafter  
Thats why I love - you like I do

I am a stranger to the others  
No one knows - you like I do

To the Great Beyond -There is no farther  
Thats why I love - you like I do...

Because the charms - You thought youd hidden  
In spite of pride, - Came shinin thru  
Because you knew - that I was not kiddin  
When I said that I -- could see through you

Because I knew - that you had diamonds  
Inside youre soul - where the wild winds blew  
Because I thought -- I was a miner  
Thats why I love - you like I do

I am a stranger to the others

No one knows - you like I do  
To the Great Beyond -There is no farther  
Thats why I love - you like I do...
