Black marks ablazing far in the red sky  
Descendance of the true one God  
Desolation rides in the maze of the demigods  
Reign of dust; Thy abhorrence has cursed me  
Rapture; Silence; Sinlessness;  
Sacred black of my kingdom's desire  
Enchantment...  
Grant me the power to embrace the silver  
Sights  
The ancients' domain  
Grant me the power to enthrall...  
I hear the fire coming from beyond  
The chants (are) becoming louder  
Victory...  
Gazing upon the twilight;  
I wish th' immortal hordes were me...  
I saw the moon; it was bleeding  
The fiendish call, I embraced it; it haunts my soul  
Fall; I suffered the paleness of the pure  
I can't resist; Descend and be, one with me!  
Black marks ablazing far in the red sky  
Descendance OF THE TRUE ONE GOD  
Desolation rides in the maze of the demigods  
Reign of dust; Thy abhorrence has cursed me
