Kill the lights!  
Just terminate it!  
Take a look  
Nothing worth to hold there

Ironic  
Alone and selfish  
Once glamour  
Enough is enough

Seconds explode  
Bring down your world  
Keep on rework  
Wrong side of this life

Dumbfounded  
No use to pretend  
Crestfallen  
Too late to get respect

Close to the stamping ground  
Feels like there's bomb in your head  
Yeah!

Lose forces  
Mute and slow the feelings  
So fragile  
Stuck in private downfall

No time left  
Sick disconnection  
Hurt deeper  
And get what you deserve

[Pre-chorus:]  
Need to destroy  
Last chance that you were given  
Never again  
Yeah I've said never again  
Will you find the peace in yourself

[Chorus:]  
Close to the hysteria
