I'll make you an offer  
You're not gonna refuse  
Stay loyal to true friends  
And protect your family  
Respect those fellow men  
Don't ever let them down  
We're building an empire  
Upon this bloodbath mess

Wipe them out  
Those well related bastards  
Blackmail the opposite  
Deny the evidence  
Partners in crime supreme  
Pride and honour inside

[Chorus:]  
Feed the greed  
Rattlesnake blues  
We've come to reign  
Country ain't your blood  
Take care of your friends  
Season of the dead  
All men in black  
Godfather

Got stone in my shoes  
Trouble in neighbourhood  
I'd burn in hell to keep you safe  
No compromise - knife in his back  
Squeeze the trigger  
Like a fucking dogs to me

Keep your friends close  
But your enemies closer  
See nothing, hear nothing  
While keep your eyes wide open  
Killing is only a business  
Has really no special meaning  
And never ever forget  
Even the strongest needs friends
