Verse I

Sometimes I can't help but feel there is something
inside of me,
Like a virus it's consumin me
A virus with no cure,

Chorus

There's something inside of me,
Why can't i be free?,
There's something inside of me,
It will never leave me,

Verse II

My ill-gotten torment still remains,flowing through my
aching vains,
Like sprawling roots smothering me the pain is
empowering me,

Chorus

There's something inside me,
Why can't i be free?
There's something inside of me,
It will never leave me,

Solo

Chorus

There's something inside of me,
Why can't i be free?
There's something inside of me,
It will never leave me,
