Tired Of Being Alive
One With Shame Tonight
Between Mistrust And Sadness
Simply Can't Tolerate This
Affected & Impressed
Now Tell Me What Is Wrong
Provide The Possibilities
But Still I Won't Believe

Let Me Tell You Of Brand New Trouble
Deconstruct Logic Foundations
Like A Ghost In A Sun
Tryin' To Explain Who I Want To Be

What If I Leave Undone
And What If Hope Was Broken
All Energy Is Gone

What If There's No Choice
And What If Time Is Not On Our Side
All Love Is Drained

ch:
This Is Everchanging
Perfect Fragile Images Crash
There' No Comfort
In Silent Room Of Nothing

Think For A Moment
Is There Any Magic Between
What Did Those Words Mean
How Could They Hurt So Deep

From A Corner Watching
There's A Different Scale
Standin' Numb & Naked
Failure Challenger's Choice
