another scarred dog sunrise  
hopeleessness included  
free sorrow handy case  
self sucking serves me well

depressive shock  
dry throat & cold sweat  
exclude logic examples  
constant events

search for delusive skylight  
portable plastic men

save your soul  
and don't you dare to ask for more  
cause all we've got  
unfriendly world of whores

same ol' song again  
stuffy environs sight  
sustain a common loss  
let loose your private hell

harmony breaks  
clock's ticking much too fast  
accelerate - no fear

file - dust & broken glass

this is not  
a love song  
and the sense's suddenly gone  
well I stuck in nowhere  
and I show my wounds opened  
wide

just ordinary story  
another shooting star  
simple episode's failure  
you're fired - sad to say

hit the dirt

the only way is down  
slime covered sores  
cold alcoholic cell
