Yo

I'm going Rambo, fan dough is moving pretty damn slow

The blam blam turned the Trans-am into a Lambo

Scram yo, my Soul Calibur is like Namco

I dance on track but these niggas is Sambo

Get your shit split you nitwit

Your pussy is a slick clit

When labels dick you they make the shit fit

Command this skill invincible like the Man of Steel

My killer's got your gorilla slippin' on banana peels

I'm extraordinary, I know your ex, shorty

Ex'd you with the head, but the sex ordinary

Check the technician, neck glisten

I'm on to catch wreck mission

To rock, you shocked like the electrician

My gift's top edition with swift composition

I debted competitor until they stiff competition

My level, something you peep from a height to view

When I spit fire from the grill like I'm lighter fluid

I'm just the best at it, chronically ccess addict

My ironic lead got me movin' at bionic speed

I write the kilo rhymes rough as gorilla palms

In iller times with more slang than dope dealer's dime

My chick's a dickey, I tell a micky no peeky

Before a quicky, I slip it in like a micky
