"Always Be Yourself"

So I walk out the door
And I see you standing
Just Waiting For A Slight
Reply Of sadness
Well you aint gunna get
what you have always
always dreamed of!

So always be yourself
Otherwise you'll be dead
I'm just me.. Your just lame
when you're pretending to
be someone else!

So I walk into my
Pretty little earth
I clap my hand and then
You boo me off
I cant wait until
you're dead, it'll happen
so soon you will hardly know!

So always be yourself
Otherwise you'll be dead
I'm just me.. Your just lame
when you're pretending to
be someone else!

I wish you were the same
I wish you were you
I wish we were together..

Mmm
