Hollywood's acting depressed.
Medicate yourself, the teacher said to the gun.
They are addicted to fear.
Nicoteenage queers are eating holes in the sun.

[Chorus:]
Sedation is safe and clean.
Buy american machines!

Abductor shopping at home,
wire tap the phone.
Receive her sick and alone.

You gotta give me my fix.
You gotta give me my fix.

God lives inside your tv
turn it off and he goes broke and gets crucified.

[Chorus]

'cause everything you do - I'll be watching you.

(Whoo! Oh Shit!)

[Chorus]

Fuck You!
