[Spoken:]

Listen up, motherfuckers, this is that new unheard of
unspoken

So if you're down then get down

And if you're not then get the fuck out!

Yeah with guns still smoking

We're taking off the masks, that we all wear

There's bloodstains on the dancefloor and it's dripping
from the lips of another jealous mouth

Hey man! You better watch, better listen in

Oh yeah? You got her taking home this record to fuck

Hey man! You ask me now if I want it all

Right now!

This is the sound that sparks the fire

Live tonight for liars

Alive tonight to say, that I am

I am the voice inside your head, and you give yourself
away

I see you getting high in the alley

"What if you do? I'll hold one for you"

You walked up and you kicked in a dent

"Not with these boots you'd recognize the prints"

You showed up and you ruined my party!

"It's not true. What is it to you? it's everything and
nothing I do"

Hey man! You better watch, better listen in

Oh yeah? You got her taking home this record to fuck

Hey man! You ask me now if I want it all

Right now!

This is the sound that sparks the fire

Live tonight for liars

Alive tonight to say, that I am

I am the voice inside your head, and you give yourself
away

Hey brother put your best shoes on

Hey brother it's your, it's your come up and,

Hey brother grow your hair out long
Tell your sister she's a...

Hey brother put your best shoes on

Hey brother grow your hair out long

Hey brother put your best shoes on
Hey brother it's your, it's your come up and,
Hey brother grow your hair out long
Tell your sister she's a... Bitch!

This is the sound that sparks the fire
Live tonight for liars
Alive tonight to say, that I am
I am the voice inside your head, and you give yourself
away
