How did i get so lost inside of you?
I could be saved i could be found.
But get high and dry that's all i really wanna do.
So i guess I'll just stick around.

[CHORUS]

Fading going black.
Gotta move gotta wake up.
It is the sunlight.
Everyone is dead.
And we dance like a knifefight.
I am the sunlight.
But I lost my inspiration lying in your bed.
But you cannot rape the willing.
And you taste like self-destruction i follow where I'm
lead.
You cannot rape the willing.

Alright I count the days and watch your fires burn.
Just give me time to blow them out.
But get high and dry that's all i really wanna do.
So if you want i could bring you down.

Fading going black.
Gotta move gotta wake up.

It is the sunlight.
Everyone is dead.
And we dance like a knifefight.
I am the sunlight.
But I lost my inspiration lying in your bed.
But you cannot rape the willing.
And You taste like self-destruction i follow where I'm
lead.
But You cannot rape the willing.

Now i get chills when you're around.
But we still speak with out a sound.(sound, sound)
Well im dying... (im dying)

But I lost my inspiration lying in your bed.
But you cannot rape the willing.

And You taste like self-destruction i follow where I'm
lead.
But You cannot rape the willing.
Get high and dry is all i really wanna do. (yea, yea, yea
)
So if you want i can stick around. (yea, yea ,yea)
