Welcome to the theater if the macabre, we are the
blood sucking freaks
Mangled features faces torn bodies ripped in two
Torn to shreds blown off head left to rot and die
The next act of brutal torture is the iron tourniquet
Then pull out the bone saw for some more torture
In the most bizarre fucking ways
Welcome to theater of the macabre, we are the blood
sucking freaks
Mangled features torn bodies ripped in two
Torn to shreds blown off head left to rot and die
Sit and watch as the freaks peel back your fucking
face.

4. May the Wounds Bleed Forever

Amputated anatomy skeletal remains, breaking off the
bones, dissecting of the brain
Shredding with a bullet entering your skull, body opens
up, corpses start to fall
Human jigsaw bleeding find the missing link, open with
my shot, brains splatter pink
As you bleed I take off this, take off that, pieces and
your parts
Chop off this, and chop off that, amputate the heart
Bloody killing always sick from the fucking start
She watches as I move slowly, sick stare as I cut her
cunt wide
She screams as she bleeds my knife cuts in her foul
stench fills the air
The deeper the wounds the harder they are to heal
Cutting into your veins stopping the blood flow
decapitate the head
Make the pain go slow lobotomized tranquilized drilling
for the brains
Scattered dissected bloody offerings, a basic face
removal lesson for the day
Killing every way decapitate and slay
Chop off this gouge out that, eyes lashing out of
sockets
Rip off this split open that put into meat pockets

Knivings stabbings and human crucifixions
We who are slime like maggots, who crawl through this
corpse of an earth
Back out on the streets stalking you again
Through you have escaped me, you'll always bleed
within
