[Music by: Wolff, Stewart]

You've become my greatest endeavor, die for me and  
last forever

Step number one in my incision of sickness, hold the  
iron behind the blade

Slice real slow you scream and suffer, not a drop spilt  
as I kill you

Across the spine I start to cut, the anticipation gets me  
eager

Almost there as your flesh burns and lets off rancid  
odors

You're still alive, my deed is done and that's what I had  
hoped for

Beheaded, head is gone, headless evermore

Beheaded without a drop spilt

Decapitate without a sense of guilt

Then hold the head up and laugh ungodly

As I show them their own body

Beheaded without a drop spilt, beheaded without a  
sense of guilt

Beheaded, Decapitate, Beheaded, Decapitate!!!

Beheaded without a drop spilt

Decapitate without a sense of guilt

Then hold the head up and laugh ungodly

As I show them their own body

You've become my greatest endeavor, die for me and  
last forever
