[Music by: Lesniak, Stewart]

Crawling while crippled, mutilation in store, sever more
limbs, watch the blood pour
Bathe in the carnage, the sweet stench of death,
constricting in bondage, consume your last breath
Slice up a symphony, a sonata in gore, egotistic
epiphanies, salivating for more
Uncontrollable cravings for flesh and for bone, your
soul's not worth saving
Your torment's your own

Guts and blood, you worship death and desecrate the
icon
Holy ones now lay dead
Masochist of mutilation
Demon lords I summon thee, unleash your evil power
Take the mark of the beast
Or be vanquished at the altar

Kneeling before me, submissive stance, no choice to
live, not even a chance
Engorged with your pain, Hells fire burns, insanity
reigns, to die it's your turn
Buried still breathing, gasping for air, time lost
believing, caught in his stare
Soul sent to Heaven, denied at the gate, you've wasted
your time, only fools still have faith

Guts and blood, you worship death and desecrate the
icon
Holy ones now lay dead
Masterpiece of mutilation
Demon lords I summon thee, unleash your evil power
Take the mark of the beast
Or be vanquished at the altar

Cultish signs left at the scene, butchery a religious
need
Satanic killer stalks the night, but in the day he's out of
sight
Motivated by disgust, death to God, an evil lust

Left to bleed, I hang you high, just like your Lord,
you're crucified

Guts and blood, you worship death and desecrate the
icon

Holy ones now lay dead

Masterpiece of mutilation

Lucifer I summon thee, unleash your evil power

Take the mark of the beast

Or be vanquished at the altar
