"Binge And Purge"

He found a wrist and cut his meter
Mary sings only sweet and low
Blow a kiss for headstone martyrs
Taking the blame

I'm letting go, I knew that I'd give in
Bring the ax upon their notions
Paper money is your soul
Break the chains, the rope is swinging
Taking the blame

I'm letting go, I knew that I'd give in
I'm fasting, you're cheating
Turn me over a thousand times
Good bye, be lonely

A caffeine rush for tears of joy
I'll carve the beef and spare you later
