I am left here my memories  
Are haunting my every thought  
I see her frail womb  
Stripped of it's innocence

The measure of judgment  
I long to carry out  
I feel so helpless  
Not my will but Yours God

I can hear you laughing  
Your perspective comments  
Disrespecting my love  
Disrespecting my love

Headlines read victim of rape  
Found this morning no life in her  
Is this happening? Is this happening? Is it her?  
No God, no God

Your thoughts become reality  
Your actions unbelievable  
I wish I was there, was there to help her

My love pours out for her  
My love pours out for her  
My love pours out for her  
My love pours out for her

On my knees  
Here I lay for You God  
Build within my strength

Take this cup from me, God I cannot bear it  
Transform my hatred into Your love  
Why must I love them because You loved them God  
I embrace You, I embrace them

Unsilenced my forgiveness  
Through the word I can clearly see  
You love them as You love me  
Why can't I see?

Why can't I see?  
Why can't I see?
