I saw you sing out your praise  
Come on and lay  
The sunshine of my life's been burned  
And I didn't see the way  
Swallow down your pride  
It's wrong and I'll  
Help you hide  
I feel sincerely you're too much  
You're too much  
All at the same time  
Oh I  
Know much more  
Of what I can  
Than what I can't do  
If I should fail  
I'm gonna nail  
The blame on you  
All my blame on you  
Get it wrong and it makes you sore  
But you're  
Never right  
I see it clearly you're too much  
You're too much  
We're all on the same side  
There must be a time  
Between the well meaning  
When the good will come out  
And start the healing  
You won't know  
How well you've played  
Until you've won  
And if at first you find  
You can't imagine  
How good can heal  
When you've got nothing worth healing  
You won't know  
How well you're made  
Until you're done  
All you have is gone  
The good will come out  
The good will come out

The good will come out  
Na na na na na etc
