Waterfall...
Why do you rush through me?
Happiness caught now I'd return
But I'm ready to see

I'll follow you on
When all else fails
Waterfall lead down
I'm on your trail

Waterfall
Why do you rush so fast?
Happiness caught now I'd return
But I'm ready to ask

I'll follow you on
When all else fails
Waterfall lead on
I'm on your trail

I can't believe it
And all my life is changing lanes
All I know is it's always there

I'll follow you on
When all else fails
Waterfall
I'm on your trail

I'll follow you down
When all else fails
Cos I can't look at life,
I know what I feel
And now my life is run
And no-one else knows what I want
Waterfall
Lead down i'll live to...
