"Sinister Knell"

Visit "[Sinister Knell](#)" on MotoLyrics.com

dont pay attention to the orders of the lesser
demons
when they force you to suicide
they are in everyone of us and its in your
possession
to let them out
you arent yourself, only a might of satan!

atomic war, nuclear disease,
no tomorrow, no yesterday
dont walk towards your own grave.
dont take a look down to hell
people are born, people died
to hear the sinister knell

dont pay attention to the orders of the lesser
demons
when they force you to suicide
they are in everyone of us and its in your
possession
to let them out
you arent yourself, only a might of satan!
