Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou

Beast of blood

Place of silence, moving shadows
Crimson eyes are strangely gleaming in the darkness
Madness starting to awake
Playful desire starving of blood
Get down limitless night

Beast of blood

Along with the scream from the death throes
Sharp claws are shining brighter
Dually obscene breaths continues
And rips apart the silence of night
Crossing the uplifted life
Get down limitless night

Beast of blood

Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni

Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou
Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni
tadayou

Beast of blood

No fear, no sadness
Lofty life is tasting loneliness and eternity
And near by the target with no more life
Red drops on my greedy lips
Falls down on the freezing ground
Get down limitless night

Beast of blood

Spill blood on me... 'till it fills my body

Kokyuu ni karamaru chi no kaori ga koukotsu no yoru ni
tadayou
Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou
Tsumetai kardada ni hotobashiru yokubou o akai chi de

Kokyuu ni karamaru chi no kaori ga koukotsu no yoru ni

Beast of blood

***The scent of blood intertwined around my breath,
floats about the air on this night of ecstasy. The future
dyed in fresh blood...
my tortured senses. The desire gushing out of the
cold body is wet with red blood.
Screams of desire resound on this night... my senses
throb sharply.
