Bright explosion in the sky
A light that burn my eyes
Make me come alive
I thought I'd see the sign
Pray that I was right
As tears from my eyes
Blurred the scene

Now a sign inside me burns, bleaching all my bones
And the rising smoke
Will carry me away
To another place, I never lost my faith
Just my way

Cause I exploded into life that day,
I'll never look back, I'll never look back

Dark is flowing through the cracks
There is no turning back
Or giving into doubt
I held my candle out
For forty days and nights
Like a firefly
In the big black sky
Cause I exploded into life that day
I'll never look back, I'll never look back
And no-one can take these feelings away
I'll never go back, I'll never go back

I'll make the river run with pictures that I'd take
As a dying sun, spits colours in it's wake
Say you've seen enough
You'll only fan the flames

Cause I exploded into life that day
I'll never look back, I'll never look back
And no-one can take these feelings away
I'll never go back, I'll never go back
