Twelve o'clock  
And I'm still not dressed  
I'm trying to bleed onto paper  
But time is not impressed

What Can I do?

Trying to pull out my feelings  
But they're deep beneath the day  
Time, time, time, time, time  
Has hidden them away

What can I do?

I want my jealousy  
But he's fast asleep  
I cry for my sadness  
But he's too tired to weep  
I confront my antagonism  
But he only agrees  
I wish for my vision  
But he's not telling me  
What he sees

What can I do?

Happy is too neutral  
And I know I'm not content  
I still don't want to go  
Where the others went

What can I do?

I'm pissed at my anger  
But he don't want to fight  
I turn to my conscience  
But he just thinks I'm right  
My insecurities  
They got nothing to hide  
My emotions are my enemies  
For being on my side

What can I do?

Give me back my feelings  
Won't you give them back to me  
Give them back
