Silence is all that I have
To say to you
Mountains like me and you don't hear the rules
About what we can or we can't do
I don't want to learn if learning lets you
Bring those eyes down
With you
If you truly learn how to cover
You won't forget how it's done
Then you go and give me a bug I can't beat
Stuck with the wrong in us inside me
It takes its time
But when it breaks free

Break off those heels
Twist till you Leave

Then we'll dance
Those plans we make won't last
They'll wear and fade like fools
Too young to run out of time

We'll always set our sights high
If you truly learn how to cover
You won't forget how it's done
Then you go and give me a bug I can't beat
Stuck with the wrong in us inside me
It takes its time
But when it breaks free

Break off those heels
Twist till you leave
Then we'll dance
Those plans we make won't last
They'll wear and fade like fools
Too young to run out of time
We'll lose our way
We'll dance
Those plan we make won't last
They'll wear and fade like fools
Too young to run out of time
We'll always set our sights too high
