You break the wrongs for your tears, so sad  
To end a part of me just like that  
I feel lost and still unaware  
Throw your worries down with your cares

All I've got to show me I'm good  
Is the fight I've got when I do so bad  
The guilt connects it but it's not enough  
To light the way when it's all I had

Near life  
Near life

You say you work in some simple ways  
You don't feel guilt, then you'll never pay  
'Cos guilt won't take you if you look and see  
Your life's a hurdle and it's out of reach

You tell her pain or how they should pay  
You start a feeling that you'll never change  
I'm on a ship and I've found the sails  
I got my hammer, all I see is nails

Near life

You say it works in some simple ways  
You don't feel guilt, then you'll never pay  
'Cos guilt won't take you if you look and see  
Your life's a hurdle and it's out of reach

You tell her pain and how they should pay  
You start a feeling that you'll never change  
I'm on a ship and I've found the sails  
I've got my hammer, all I see is nails

Near life  
Near life  
Near life
