When mistakes don't end

'Cause you're still too young

And your foolish games

Couldn't hurt no one

You gave me nothing at all

But the time of day

It's no one's loss

If you walk away

Don't take it wrong

You're still so young

Your foolish ways

Never hurt no one

You gave me nothing at all

Then you said goodbye

And then I knew

You'd changed my life

You'd changed my life

Forever

Na, na, na
