Stars are wheeling in the sky, I guard the last of my line  
Like a sleeping army I will wait  
So drum the devils out your dreams and send them all  
to meet me  
I will lay me down until you're safe

So you'll have nothing to face  
Close your eyes and  
Wish 'em all,  
Wish 'em all,  
Wish 'em all,  
Wish 'em all away,  
And everything will change

Though the last of your defence would crumble at the  
first test  
I will stop it all from happening  
Tomorrow you will rise and sing and never want for  
anything at all  
I will bring, I will bring .

No you'll have nothing to face close your eyes

Wish 'em all,  
Wish 'em all,  
Wish 'em all,  
Wish 'em all away,  
And everything will change  
Close your eyes and  
Wish 'em all,  
Wish 'em all,  
Wish 'em all,  
Wish 'em all away

Now if you look how you fight  
Standing in a line  
Just understand you're safe  
Understand that everything will change  
If you just

Wish 'em all,  
Wish 'em all,

Wish 'em all,  
Wish 'em all away,

Everything will chage understand  
I wish 'em all,  
Wish 'em all,  
Wish 'em all,  
Wish 'em all away,  
Wish 'em all away...
