Know that I  
Went as high  
As I could go on my first time.  
Where's the fun  
If your feelings are left behind.

But its your right  
when you mean it  
To find the proof  
And make me hear it  
Cos when I'm wrong  
I don't see it anymore.

Cos I feel like a fake when I feel  
Any feeling  
And I wouldn't wanna happen to you  
Cos I know you mean it.

You have a laugh when you let go  
It makes a big unwanted sideshow.  
Why count the times  
That you feel low  
When you shine.

Cos you're stone cold wise  
And I'm in  
To what you're doing  
And I wouldn't wanna happen to you  
Cos I could never climb the walls you'd walk through  
But its the smiling lies that always come  
To make you feel that I'm the one for you.

I know you feel like you've spent you're whole life  
With people trying to keep you in your place.  
Well no-one knows you no better than me  
When I say  
No, no, no, no

I wouldn't wanna happen to you  
Cos I can't bear to climb the walls you walk through.  
But its the smiling lies that always come

To make you feel that I belong with you.

You pinned your hopes on me  
like I'm all you'll find  
But I wouldn't wanna happen to you this time  
Yeah  
I've gone away, yeah  
Gone away.
