I wont hide behind my fuckign words or my failures.
I don't want you to fucking pray for me
Because I've been here a thousand times before.
I never know what the fuck is in store.
And I don't want you to fucking pray for me.
I wont hide behind my fucking words.
Some believe that everything in life comes for free.
I will work until I bleed because anything doesnt't come
for free.
I've been here a thousand times.
I never know what the fuck is in store.
I don't want you to fucking pray for me.
And your days your fucking days wont come.
When everythings the same.
You say that things will change.
Things wont change i will never hide behind my words.
Things wont change and i will never turn my back on
my friends.
Things wont change.
