"Pissed Off"

The time is now to think it out,
Get up and make a change,
With X'd up hands,
Your thoughts are clear,
Get up and make a change,
Anything can be accomplished if you fucking try,
We need to start, We need a spark, We need to wonder
why,
Pissed off music for positive kids,
Things can be changed in the end,
Just because you're pissed off,
It doesn't mean you can't be positive,
Anything can be accomplished,
Even if you fucking try
Pissed off, But positive
