### "The One"

I run alone in the dark  
Through childhood dreams  
I still remember the gentle touch

Timidity is a gift  
I have learned on my way here  
Thousand faces, one is the right  
The one is not here

I'm sitting alone  
Missing you but you are not the one I love

Are you alone?

Are you missing me?  
The love you never reached

The moon reflects your light on me  
My sun you shine only for me  
Without you I wonder alone in the dark  
Without seeing the light of a day

I'm sitting alone  
Missing you but you are not the one I love
