## "Feeding The Undead"

Come forth defiled one  
Command the swarming of flies  
Let us pray  
The womb of darkness will soon give birth

Contagious dysphoria  
Asleep in rotten demise  
Malediction awakes the ones absorbed by earth

[CHORUS]  
I let the serpent crawl in  
Crawling  
Release me from vile faith  
Nehebkau  
I see you come with cold  
I heard your name in tongues  
Nehebkau

Enslaving the underworld  
Bring cadavers to rise  
Feed our minds with what was once forseen

Bring death to year one  
Reverse the closing of eyes  
Isanity rules as god of light becomes unclean

Feed the undead  
Invoke murder  
Crush the forgery  
Pray the light of day will never come again
