Vengeance provoked  
Behold the mark of Cain  
Uncreate the genesis  
Devoured by the abyss

Cleave the covenant  
And powers that grant  
Bury the testament  
Tumbled by torment

Nocturnal  
Infernal  
The suffering eternal  
Soaking the rays of celestial  
Light  
Noctiluca

Profane  
Arcane  
Benediction of bane  
Falling through cracks of  
Darkness  
Obumbration

Kingdoms quake  
Mountains move  
Skies collapse  
Sulphur descending  
Suns eclipse  
Seas overflow  
End of days  
Hades arising

The father  
Son and the holy ghost  
Tridents penetrate  
Steel and flesh conjugate  
Vaporize the spirits of distress  
Sabaoth of legions  
Redder the regions

Time in reverse

The god heads rear  
The blood divine splattered on the three-pronged  
spear  
The dagger of night  
Hearts stabbed and cloaked  
The banishing of the fallen one has been revoked

Bury the testament  
Tumbled by torment

Kingdoms quake  
Mountains move  
Skies collapse  
Sulphur descending  
Suns eclipse  
Seas overflow  
End of days  
Hades arising

Hades arising

Time in reverse  
The god heads rear  
The blood divine splattered on the three-pronged  
spear  
The dagger of night  
Hearts stabbed and cloaked  
The banishing of the fallen one has been revoked
