Tied to hands and feet
Awaiting strangulation
Darkening deceit

Rope around the neck
Eyes falling out slow
Extreme asphyxiation
Blackened murder flow

Your eyes start to spray
Panic in dismay
Death wish appearing fast
Insanity supreme

Praying to be free
Guts explode in a blast

Gasping for breath
As you faint into death
Black hallucinations
And shadows ahead

Severed and maimed
Body is drained
Swarming of flies
Round the dead

Bodies split in five
Bodies float in carnage

Mass strangulation
Hysteric conjuration
Macabre infestation
Worship defecation

Soul evisceration
Death hallucination
Malignant humiliation
Ritualistic suffocation
