"Mouth Of Empty Praise"

Cast into the lake of fire
Gagged by blood
A thousand deaths unwind
Storming
Perserverance is none
Repenting not
Mass decay of life
Swarming
Call upon
Call on those we scorn
Raze their faith and feeble ways
Mute the son
Deliverance bygone
Mute the mouth of empty praise
Trapped inside a burning field
Sheep of God
Followers who did not heed
The warning
Unblessing the purity
Once the norm
Darkness holds the blasphemy
Swarming
Insanity will reign supreme
Azazel
Belial
Abaddon
Leviathan
