"Shadows Of Darkness"

Sea of Spirit, wasted on the sands
Dunes too high, run deep across the land
Ou, Desert Child

See the waves cascade down
Tidal pools form on soft ground

Take it
Ohh, we're just shadows of the darkness
Oh, take it like a man

As the lone leaf falls on the ground

Hoping wind will take you somewhere
lost, now found
Move Desert Child

Take it
Ohh, we're just shadows of the darkness
Oh, take it like a man
Ou, they're just shadows of the darkness
Ohh, take it while you can
