We're soldiers of freedom! - We are the band!
We are the chosen! - We are partisans!
The cause is noble - yeah! - the cause is just
we're ready to pay with our lives, if we must!

Refrain:

We're gonna be your taste of life - we make you fly!
We're gonna be your vision's keeper, 'til we die!
We're Emergency Gate - our sound is your fate
Oh yeah! - We're Emergency Gate!

We're soldiers of fortune - we're dogs of war!
We don't give a damn 'bout, what the killing is for!
It's the same old thing with a different name
Death or Glory! - It's the Killing game!

Refrain:

We're gonna be your taste of life - we make you fly!
We're gonna be your vision's keeper, 'til we die!
We're Emergency Gate - our sound is your fate
Oh yeah! - We're Emergency Gate!

Nothing's gonna stop us, as day turns to night!
Right is wrong, is left now right?
And we sing, as we march in and win our war!
Today in the mountains, tomorrow in the world!

Refrain:

We're gonna be your taste of life - we make you fly!
We're gonna be your vision's keeper, 'til we die!
We're Emergency Gate - our sound is your fate
Oh yeah! - We're Emergency Gate
