Well I gotta a bad reputation
For stayin' out all night long
Partyin' with all my good time friends
Til all my money's gone
There's been alota ladies
Tryin' to settle me down
Oh but it's all in vain
Til you came along with a love so strong
And now I'm ready for the ball and chain

CHORUS

I'm give up smokin', drinkin', fishin', gamblin',
Huntin', boatin', fightin', ramblin'
Baby just to be with you
But it ain't no sacrifice
Cause you're the only dice
I'm addicted to
My friends all say
My fun and games are through
But I don't wanna have fun
I just wanna have you
So take me out of circulation
Put me under lock and key
Cause if you don't save me from myself
I'm gonna be the death of me
All my bar room buddies think I've lost my mind
Cause I don't come around anymore
Well it maybe so but
They don't know what goes on behind closed doors

CHORUS

I'll give up my remote control
And we can watch some old movie instead of the Super
Bowl

CHORUS

I don't wanna have fun I just wanna have you
I don't wanna have fun I just wanna have you
