You break down  
Down to the floor  
You black out  
Lose all control  
You give up  
Once and for all  
The higher you climb  
The deeper you fall!

The deeper you fall!

You're the victim 24/7  
A conspiracy like 9/11  
About to take 'em down any second

As time keeps passing by  
You slowly realize  
No compromise  
You got nothing to lose

You're sick of this life in a trashcan  
Now the Apocalypse is part of your plan  
So many reasons but no reason at all  
The higher you climb  
The deeper you fall

The deeper you fall!

See me, hear me  
Feel the insanity  
Forget reality  
Say goodbye and follow me!

... and follow me!

You're the victim 24/7  
A conspiracy like 9/11  
About to take 'em down any second

As time keeps passing by  
You slowly realize

No compromise  
You got nothing to lose

As time keeps passing by  
You slowly realize  
No compromise  
You got nothing to lose

You're the victim 24/7  
A conspiracy like 9/11  
About to take 'em down any second

You're the victim 24/7  
A conspiracy like 9/11  
About to take 'em down any second
