Destroy everything different from you  
End up in solitude, presets of being  
Drowned in words and fears  
The image of feeling slowly disappears

Before!  
Before!  
Before it's all over!  
Before!  
Before!  
Before it's all over!

Before it's all over  
Before we shake hands  
The world will be covered in sand

As soon as you throw all your pride aside  
You'll be unchained and let loose into life

Narrow your mind down to the ground  
Regret is fucking futile  
Replay, rewrite, erase the soul  
Possess, process, lose all control

Before it's all over  
Before we shake hands  
The world will be covered in sand

As soon as you throw all your pride aside  
You'll be unchained and let loose into life

Narrow your mind down to the ground  
Regret is fucking futile  
Replay, rewrite  
Erase the soul

Before it's all over  
Before we shake hands  
The world will be covered in sand

Before it's all over

Before we shake hands  
The world will be covered in sand

As soon as you throw all your pride aside  
You'll be unchained and let loose into life
