I know you know,
So what're you waitin' for
Life is way too short

Girl, you can't lie
What you feel inside
Is screamin' in your eyes

Whoa-oh, come on over
Whoa-oh, a little closer

Let your love speak
Get your knees weak
Fall into my arms
You can't hide it,
So, don't deny it
Open up your heart, and set it free
Let your love speak

Oh, let your love speak

One kiss, you'll see
I'll make you believe
You belong with me

Girl, you can run
There's no place that far
It's written in the stars

Whoa-oh, come on over
Whoa-oh, a little closer

Let your love speak
Get your knees weak

Fall into my arms
You can't hide it,
So, don't deny it
Open up your heart, and set it free
Let your love speak

Oh, let your love speak

Whoa-oh, come on over
Whoa-oh, yeah

Let your love speak
Get your knees weak
Fall into my arms
You can't hide it,
So, don't deny it
Open up your heart, and set it free
Let your love speak

Let your love speak
Get your knees weak
Fall into my arms
Baby, you can't hide it,
So, don't deny it
Open up your heart, and set it free
Open up your heart, and set it free
Let your love speak

Whoa-oh, let your love speak, whoa-oh

All night long
Girl, let it speak
You can't hide it
Yeah let your love speak
